## BLOWOUT SHOT IGNITING GAS WAS THE CAUSE

Jury in the Marianna Inquest Finds Verdict and Recommends the Adopting of Rigid Mining Laws

## WAS IMPORTANT INQUIRY

"We, your jury, after hearing the evidence of mining experts, inspectors, miners and operators, find that John J. Ivill came to his death from an explosion in Marianna mine, West Bethlehem township, Washington county, Pa., Saturday, November 28, 1908, and that said explosion was due to a blowout shot in Blanche entry No. 3, which ignited the gas and dust and that a secondary explosion occurred in the main dip entries almost simultaneously.

We further find that no blame is attachable for said accident and we recommend that the mine inspectors frame and submit to the incoming legislature a set of rules to be adopted into laws, viz:

For the employment of experienced shot-firers to fire all shots; that all shooting be done between this and that black powder or other high inflammable explosives be excluded and the excessive use of brattice cloth be prohibited; that all charges of explosives be stemmed with clay; that safety lamps be used exclusively in gaseous mines; that an efficient water system be installed and the dust in all parts of mines thoroughly wet.

And further, owing to the fact that the laws governing electricity in mines are very meagre, that a more rigid set of laws be submitted for adoption.

Following a very brief deliberation in comparison with the time devoted to the taking of testimony, the above verdict was returned yesterday evening by the coroner's jury investigating the Marianna mine disaster, or more explicitly, the death of John J. Ivill, who met his fate in that mine on the forenoon of Saturday, November 28. The same verdict applied to the 153 other men whose death were the result of the explosion.

Probably there was never a more detailed nor exhaustive inquest ever held in the history of Washington county. For two full days Coroner Sipe, assisted by mine inspectors and Chief of Mines Roderick as council and cross examiners questioned the witnesses, many of whom were expert miners and engineers. Then the inspectors were themselves quizzed for they had been appointed to investigate the mine following the explosion.

Inspector Lottitt was the last to testify. There were no sensational developments in this testimony, however.

## ANSWER FILED BY DEFENDANT

In the suit of J. W. Jacob against B. Krakover and A. Krakover an answer has been filed to the rule issued on the plaintiff's store room in Uniontown, having represented to him that the store was to be conducted by her.

## CHARLEROI MAY SECURE POWER PLANT TO BE ERECTED IN NEAR FUTURE BY WEST PENN COMPANY

Charleroi if it so desires and offers the proper inducements can secure a new power house which is to be erected in the near future by the West Penn Electric company, the corporation which furnishes the lighting for a large number of the towns and cities of Western Pennsylvania besides furnishing the electricity for many of the trolley systems. The officials would prefer to secure some place in the Monongahela valley for the building of the new plant, and as Charleroi is the most central point it has been selected as the most preferable.

Charleroi would be an excellent place for the new power house. Other towns, such as Monessen, Monongahela and Elizabeth would no doubt like to secure the plant, but they are not situated in so central a point in the circuit as Charleroi.

Should such a plant be located here it would mean much for the place.

## BEST THAT HAS EVER APPEARED ON LECTURE COURSE

What was without doubt the best attraction that has appeared here in the High School lecture course was Edward Amherst Ott, who last night at the school hall delivered his lecture, "Sour Grapes". The attendance was not what it should have been, for such a number, but the ones that did turn out were more than reward. Mr. Ott is of pleasing personality, one of those men who in appearance are very young, yet in mental training the most advanced of the age. He knows of what he is talking and how to deliver his subject matter to the best advantage.

The lecturer told some truths, and put them in such a forcible way that his hearers were most impressed. Some of his ideas were of the best. One in particular, about the setting off of all the criminals of the United States to a reservation, keeping them there until they had earned enough by manual labor, to pay the government for what their incarceration and trial had cost. Mr. Ott dwelt to considerable extent on the matter of divorce. He said that not what we needed was new divorce laws, but new marriage laws. He would have public announcement of the engagement of ninety days, and a medical examination for the contracting parties. The latter thought created an especially fine impression.

**Marriage at Lover.** Dec. 19—Miss Elsie Smallwood, daughter of Mr. and Mrs. Valoren Smallwood, of the Ridge, and Mr. Maurice Crispin, of California, were married on Tuesday. Miss Smallwood is a teacher, being instructor at the Galbraith school and is very popular among their friends. Mr. Crispin is also very popular having many friends in California. This young couple kept their intentions very quiet no one suspecting of their coming marriage, but their many friends extend their congratulations and wish them a long and happy life.

Announcement has been made of the coming marriage of Miss Alice Chalfant and Walter Sutherland which will take place next Tuesday.

Kennedy's Laxative Cough Syrup stops the cough and drives the cold from the system. Children like it. Sold by Piper Bros.

Instead of being but one in a large circuit we would have our own plant, and naturally the town would profit, not only in a commercial way, but the light service would be better. The plant which it is proposed to erect will be as large or larger than the one at Fayette Station, Connellsville. Last Saturday night the heaviest demand was made on the plant at Fayette station, that has been made in the history of the company. This is partially accounted for by the many additional lights needed for illumination during the Christmas season.

The second of the monster 5,000 horsepower steam turbines installed by the West Penn Railways company at the power house at Fayette station, was placed in service Wednesday. The giant piece of machinery had been in course of installation for several months. As it stands it represents an outlay of \$100,000 and brings the horsepower of the plant up to 22,000.

## MARRIAGE OF WELL KNOWN YOUNG COUPLE

A very prettily appointed wedding occurred yesterday at 3 o'clock when Mr. Carl B. Carson and Miss Ina B. Riggs, both of Allentown, were united in the holy bonds of wedlock. They were married at the home of the bride's mother, where everything was made in readiness for the reception of about 50 guests. The bride was attired in a very becoming gown of white and carried bride's roses. Mrs. Elmer E. Bankey, a sister of the bride and her husband were the attendants.

Mr. Carson is a very promising young man and holds a responsible position with the Greensboro Natural Gas Co., at California, where he has been located about six years. He is a son of Mr. and Mrs. Isaac Carson, of Allentown, which is one of the oldest and most respected names in the valley.

Miss Riggs is also a member of an old family and is well known and highly respected. She is the daughter of Mrs. O. S. Riggs. For about three years Miss Riggs was stenographer and bookkeeper for the firm of J. E. Masters and Co. of Charleroi. She graduated from the Tabbs Business college in 1905. Mr. Carl Carson was also a graduate from that college.

The Riggs home was decorated with roses and carnations and a very pretty scene it was when they were pronounced as one by Rev. Law, of the Coal Center M. E. church. They were the recipients of many beautiful and exquisite gifts both useful and decorative. Mr. and Mrs. Carson will reside at home until spring, when they will take up their residence in California. They will have the best wishes of their many friends, for a safe and happy voyage through life.

## VERDICT IN THIRD SUIT IS \$1,800

The November term of court was adjourned Saturday. There is only one case remaining on the list to be tried, and all the jurors, except the 12 in the box, have been discharged with the thanks of the court.

Seeing that cases could not be reached attorneys interested continued the remaining cases on the list. The present term of common pleas court has seemed more successful than other terms by reason of the large number of cases that were tried. Several were settled before reaching a jury.

In the third and last suit of Jesse V. Bumgarner against the Pittsburgh, Monongahela and Southern railroad company the jury yesterday returned a verdict for the plaintiff in the sum of \$18,000. The case was called just after dinner Thursday and did not take long to try, as there was not much testimony to be taken. The case was given to the jury about 3 o'clock, but when an agreement was reached, court was adjourned and the verdict was sealed. It was opened when court convened in the morning. The claim was for \$5,000 damages. The lot taken by the railroad company fronts on Mill street, in Millsboro and the jury in arriving at its verdict evidently took into consideration that the lot was taken for station purposes by the railroad company.

## MOST SUCCESSFUL INSTITUTE IN HISTORY OF COUNTY CLOSED WITH THE FINAL SESSION LAST NIGHT

The initial institute held under the direction of County Superintendent L. R. Crumrine, who took office only a few months ago closed last night and was one of great success from every view point. The attendance and interest was kept up until the very last moment. Standing room was again a premium at the closing session yesterday afternoon.

All of the instructors left for their homes last evening and this morning most of the teachers will take their departure. The most of the teachers of Charleroi came home last evening to attend the lecture of Edward Amherst Ott. The 58th annual institute is now history, but it was stated yesterday that the teachers should carry away something from this meeting that would remain with them and something that would assist them in their future work.

The teachers of Washington county, 750 strong went on record yesterday

by passing a resolution in favor of discouraging the manufacture and sale of intoxicating drinks and sanctioning the elimination of the saloon from Washington county and from the commonwealth of Pennsylvania. In passing this resolution the teacher body expressed itself as believing in temperance the greatest enemy of the home and school and a direct promoter of crime and ignorance.

The closing sessions of the institute were marked with much enthusiasm as well as a great deal of sadness. As each of the instructors delivered his or her last address the applause was deafening and the speaker was forced to return to the platform. All expressed themselves as being well pleased with the work throughout the week. The house was filled yesterday morning and scarcely a vacant seat could be found. The evening program was excellent, although not so largely attended as on the previous evening.

The body will be taken to Brownsville where there will be funeral services on Sunday afternoon at the home of Mrs. Claybaugh's parents, at 2 o'clock. Charleroi persons who wish to go to the cemetery alone can leave here on the three train, then go direct from the train at Brownsville to the cemetery. This will put them there in time for the services at the grave.

## LAST IS ANOTHER RAILROAD SUIT

The Pittsburg, Cincinnati, Chicago and St. Louis Railroad company, another line of the Pennsylvania system, is the defendant in the last case on trial at Washington. The plaintiffs are John B. Bell, Robert B. Bell and Abraham T. Bell, of Peters township. The action is an appeal from the award of vicars by the defendant company. Damages are claimed by the plaintiff for land taken for right of way purposes by the defendant company in Peters township. A jury was called, challenged and sworn yesterday afternoon, but no testimony was heard.

By agreement of both sides the jury was taken down to the scene of the alleged damage yesterday in charges of Tipstaves Taggart and McDonough. They returned at noon and yesterday afternoon at 1 o'clock the testimony was taken up. The case will be completed today.

**Nice Crowd Present.**

## Acheson For Governor?

Acheson for Governor—Chartiers Valley Mirror. It is to laugh. Just imagine the aged politician occupying the chair at Harrisburg and doing justice to the office. Really there need be no fears of this coming to pass, for if the esteemed Ernie does not know better than to run for the office, the voters of this state would mighty soon show him his proper place. The Chartiers Valley Mirror is one of the best friends that Ernie has, why we do not presume to know, since they are so few and far between. Not that any of us care, for the influence that the esteemed Mirror will hardly reach the limits of the place in which it is published. Possibly a few of the residents of the rural communities in the immediate section might read it and accept its teachings, but the number would be so limited that it would surprise the editor himself, who is in a position to know better than any other the situation in that district.

In its editorial the Mirror makes statements about Mr. Tener that are entirely uncalled for, which come only from the pen of one who does not know of what he is talking. It makes the statement that the Honorable E. F. Acheson was beaten by lies, trickery, intimidation, booze money and traitors. Why such a remark should come at this time so long after the primaries in which Mr. Acheson was defeated, we cannot guess unless it is from the fact that evil influences have been at work, even after the other newspapers in the county had forgotten the matter. Whatever the reason the editor should be made to swallow his words. It is not the

policy of the Mail to continue an issue long past forgotten, but when such statements are made as in the Mirror's editorial, we cannot resist the longing to come to the defense of an honest man, and one who deserves fully the honor so signally won, and who in case he should listen to the pleadings of his many friends to contest for Governor in the state of Pennsylvania, would make a big run.

## Electric Sparks.

Down in his heart every man thinks he is a philanthropist of the first water.

The Philadelphia North American says that owing to immense crops this year the farmers of the United States could give each man, woman and child in the country \$100. As the farmers had to water their stock occasionally in order to accomplish these results they may soon expect to be classed with the wicked rich.

The undergraduates at our colleges ought to be able to get in a few weeks of solid work before the basketball season opens.

## This Brand of Titles Suits Not The Postmaster

Claiming his character has been defamed, reputation injured and himself brought into bad repute with his friends Joseph Underwood, former postmaster at Stockdale, has filed a suit against Charles Smith claiming \$3,000 damages.

The following are the alleged malicious and defamatory words that Smith is said to have used concerning the plaintiff: You are nothing but a blacklegging, scabbing thief and I can prove it. You have not an honest dollar to your name and you can be sent to the penitentiary for years and years for your depredations in the postoffice.

The plaintiff alleges that by these statements he was accused of larceny and of having been guilty of embezzlement of letters and other mail matter and of the larceny of mail matter. Of any of these he says he is in no wise guilty, and has been brought in to bad repute, has been greatly hurt and injured in good name, fame and reputation.

B. B. Barr and Melvaine and Williams represent the plaintiff.

## One Cent

**Charlottesville, Pa.**

In the third and last suit of Jesse V. Bumgarner against the Pittsburgh Monongahela and Southern railroad company the jury yesterday returned a verdict for the plaintiff in the sum of \$18,00. The case was called just after dinner Thursday and did not take long to try, as there was not much testimony to be taken. The case was given to the jury about 1 o'clock, but when an agreement was reached, court was adjourned and the verdict was sealed. It was opened when court convened in the morning. The claim was for \$5,000 damages. The lot taken by the railroad company fronts on Mill street, in Millboro and the jury in arriving at its verdict evidently took into consideration that the lot was taken for station purposes by the railroad company.

## Acheson For Governor?

Acheson for Governor—Chartiers Valley Mirror. It is to laugh. Just imagine the aged politician occupying the chair at Harrisburg and doing justice to the office. Really there need be no fears of this coming to pass, for if the esteemed Ernie does not know better than to run for the office, the voters of this state would mighty soon show him his proper place. The Chartiers Valley Mirror is one of the best friends that Ernie has, why we do not presume to know, since they are so few and far between. Now that the Mirror is in the hands of a man who will hardly reach the limits of the place in which it is published. Possibly a few of the residents of the rural communities in the immediate section might read it and accept its teachings, but the number would be so limited that it would surprise the editor himself, who is in a position to know better than any other the situation in that district.

In its editorial the Mirror makes statements about Mr. Tener that are entirely uncalled for, which come only from the pen of one who does not know of what he is talking. It makes the statement that the Honorable E. F. Acheson was beaten by lies, trickery, intimidation, booze money and traitors. Why such a remark should come at this time so long after the primaries in which Mr. Acheson was defeated, we cannot guess unless it is from the fact that evil influences have been at work, even after the other newspapers in the county had forgotten the matter. Whatever the reason the editor should be made to swallow his words. It is not the

policy of the Mail to continue an issue long past forgotten, but when such statements are made as in the Mirror's (editorial), we cannot resist the longing to come to the defense of an honest man, and one who deserves fully the honor so signally won, and who in case he should listen to the pleadings of his many friends to contest for Governor in the state of Pennsylvania, would make a big run.

## Electric Sparks.

Down in his heart every man thinks he is a philanthropist of the first water.

The Philadelphia North American says that owing to immense crops this year the farmers of the United States could give each man, woman and child in the country \$100. As the farmers had to water their stock occasionally in order to accomplish these results they may soon expect to be classed with the wicked rich.

The undergraduates at our colleges ought to be able to get in a few dollars' worth of stock by the time the season opens.

Mr. Carnegie says he got his first \$1,000 by saving it. Mr. Rockefeller got his first \$1,000 by borrowing it. Both plans are difficult of accomplishment.

Says the Sheep Hill Philosopher: Never marry the kind of a girl that buys you pink suspenders at Xmas time.

John D. Rockefeller went to Cleveland merely to have a tooth pulled. Probably he realized he would have had his leg pulled along with it in New York.

The New York World is full of articles about Roosevelt these days. It is needless to add anything as to their nature.

The Kaiser is said to be broke on an income of \$10,000,000. There is consolation for others in that news.

What a splendid thing it would be if people who lose their tempers were unable to find them again.

Now Mr. Harriman has the rheumatism. That man seems determined to gobble up everything.

The man who could save and bank \$5 per month and doesn't do it is throwing away \$60 per year—the gross earning power of \$1,000 at 6 per cent interest. Safe investments which annually pay 6 per cent net are not as plentiful as they used to be.

Why not start an account with us and conserve this "1,000 earning"? You can open an account with a \$5 deposit or even less. Come in and let us talk over the matter.

## This Brand of Titles Suits Not The Postmaster

Claiming his character has been defamed, reputation injured and himself brought into bad repute with his friends Joseph Underwood, former postmaster at Stockdale, has filed a suit against Charles Smith claiming \$5,000 damages.

The following are the alleged malicious and defamatory words that Smith is said to have used concerning the plaintiff: "You are nothing but a blacklegging, scabbing thief and I can prove it. You have not an honest dollar to your name and you can be sent to the penitentiary for years and years for your depredations in the postoffice."

The plaintiff alleges that by these statements he was accused of larceny and of having been guilty of embezzlement of letters and other mail matter and of the larceny of mail matter. Of any of these he says he is in no wise guilty, and has been brought into bad repute, has been greatly hurt and injured in good name, fame and reputation.

B. B. Barr and Melvaine and Williams represent the plaintiff.
